

	FOOD/FEED SAFETY POLICY	Date: 27/08/2020
---	--------------------------------	------------------

The Management of Laboreo de Conservación SA, aware of the importance of quality and food/feed safety of its activities and of the satisfaction of our customers, has decided to implement and maintain a Food/Feed Safety Management System, as a commitment to continuous improvement and compliance with the regulatory requirements applicable to our activities and products.

Therefore, the Management of Laboreo de Conservación SA, establishes the following Food/Feed Safety Policy (frame of reference to establish and review food/feed safety objectives) and undertakes to disseminate it at all levels of the organization or to any external party interested and to provide the necessary resources for its fulfillment, based on the following guidelines:

- Rigorous fulfillment of the needs and expectations of our clients and interested parties, offering grains (especially cereals) and seeds of high quality and safe from a food/feed point of view.
- Development and implementation of strict hygienic-sanitary controls, as a factor related to the final quality and safety of the product.
- Flexible organization with the possibility of collaboration with other companies in the agri-food/feed sector that usually participate as partners or investors.
- Transgenic grains are not traded or grown by us.
- Promotion of the development of natural and organic products through their commercialization, as well as participation as members in the Andalusian Committee of Organic Farming (CAAE) since 2007.
- Knowledge, professionalism, specialization and experience of our staff, promoting training and continuous updating of their knowledge, especially in relation to the quality and food/feed safety of our products.
- Environmental commitment through the commercialization of organic products
- High capacity to resolve incidents, as well as a short response timeline.
